UPDATE ON POST EXAMINATION ACTIVITIES OF WASSCE FOR SCHOOL CANDIDATES, 2024

The West African Examinations Council (WAEC), on August 5, 2024, commenced the administration of the West African Senior School Certificate Examination for School Candidates, 2024. The examination successfully ended on Friday September 20, 2024. The marking of the essays and other practical components of the papers which commenced on Friday November 7 ended on Friday November 29, 2024.

Scanning of the objective cards which was scheduled for November 1 to November 30, 2024 is yet to be completed due to the breakdown of scanners used for the process. The Council is awaiting the release of additional funds out of the outstanding balance of **GH¢ 118,000,000.00** from the Ministry of Education for the repair of the scanners to enable the scanning process and other post examination processes to continue smoothly.

The Council wishes to appeal to its cherished examination officials and suppliers to exercise restraint as payment for their services will be made as soon as the needed funds are released from the Ministry of Education.

Members of the public are urged to ignore information circulating on Social Media purporting to be dates for the release of results. The results will be released as soon as the challenges being experienced with the post-examination activities are resolved.

John K. Kapi
